Connect7 is now in Las Vegas. With two locations, our commitment to serve you has grown, We can provide most of our services in either location.

Do you have a problem PC? Does it need an upgrade? Maybe a PC Checkup is in order? Our PC 'Doctors' charge half what the big retailers charge and we make house calls.

Does your small business need an occasional 'techie' visit? We can schedule once a month or once a week visits to resolve issues before they cause lost productivity.

Get connected and stay connected with Connect7.

Connect7 provides a wide array of home and small business services including setup and testing of both Wired and Wireless PC Networks, Home Automation, Video Conferencing and even Home and Office Audio Systems.

Turn that spare bedroom or garage into a productive and fully functional central office. We can have you up and running in no time saving hundreds even thousands of dollars each month and shortening your commute time from 45 minutes to 45 seconds.

Have an issue after we're complete? Call us, we'll make it right.

Connect7 is now your source for Professional & Affordable Small Business and Personal Websites. Our introductory pricing for a basic Small Business Website Complete Package is just \$50 a month with a 12-month agreement.

A website is not simply a tool for communication. It can be a great resource for bringing in new customers and strengthening your relationship with existing customers.

At Connect7, our commitment is to your success. Our pricing structure, timely service and clear communication reflect that commitment. [Contact Us](#)
